Belgium, BRUSSEL-the heart of the country

Belgium, BRUSSEL

- *Brussels, capital of the kingdom of Belgium is also the capital of Europe. Of course, it is well known for its Grand-Place, its Atomium, its Manneken-Pis, its waffles and its chocolates... But, just one tip: take the time, too, to soak up the very special atmosphere of its many different districts. You'll discover a Brussels that is in the spirit of the times, a capital that is relaxed and comfortable, as much in its history as in its history as in its present-day reality. Very fashionable. Very designer. Very creative.*

Belgium, NAMUR

- *Citadelle de Namur*
- *Medieval walk of the castle of the Counts and its exhibition on the Middle Ages. The Citadel from top to toe: visit to the Boufflers galleries with the «Raised map» scale-model room and the audiovisual documentary.*
